Program Goals

- 1 To support others through their real estate journeys in Victoria.
- 2 To allow more kids the opportunity to participate in organized sport in Victoria.

My goal as a Real Estate Advisor is to help others confidently navigate one of life's biggest events feeling fully supported.

For those who have given me the opportunity to assist them, I sincerely thank you for placing your trust in me. Getting to work with such wonderful people is easily one of the best parts of what I do.

Why KidSport Victoria? Growing up, sports played a pivotal role in my life. I believe that all youth, regardless of circumstances, should have the opportunity to play organized sport. I'm hopeful that together, we can make sport accessible for countless youth in Victoria.

Should you know or hear of anyone looking to buy or sell property in Victoria, I would be more than happy to assist with their next move.
